Challengers

Our Mission – A world where all children and young people play together, freely.

At Challengers, we provide play and leisure activities for disabled children and young people aged 2–18 across the South East. At our schemes, disabled children and young people can make friends and try new activities in a fun and fully inclusive environment!

‘Finally we have a place to go where I know my son is understood, well looked after and safe. I get time to myself knowing that my son is okay!’ – Challengers Parent

Challengers not only benefits the children and young people that attend our schemes but also has a monumental impact on their families. Parents often describe Challengers as a ‘life-line’.
